

URBAN PLANNING, UNDERGRADUATE CERTIFICATE

The Department of Urban Planning offers undergraduates the opportunity to obtain a Certificate in Urban Planning. All undergraduate students are eligible. The intent of the program is to recognize those students who obtain a thorough introduction to urban planning through coursework. These courses provide students with an understanding of many of the most important problems facing urban society and help prepare students for a variety of careers and graduate study. Interested students should inquire in the Student Advising Office about either the Certificate Program or appropriate courses as preparation for graduate study in urban planning.

Requirements

A cumulative GPA of 3.0 or better and a total of 15 credits from among designated courses are required.

Code	Title	Credits
Designated Courses
