

ENTERPRISE RESOURCE PLANNING, UNDERGRADUATE CERTIFICATE

Unlock Your Future with the Certificate in Enterprise Resource Planning (ERP)

Are you a business student eager to dive into the world of Enterprise Resource Planning (ERP)? Our ERP Certificate program offers a focused sequence of courses designed to equip you with the skills to master these critical information systems. ERP systems seamlessly integrate a company's operations, from purchasing and production to sales, service, accounting, supply chain, finance, asset management, and customer/supplier relationships.

As an ERP Certificate student, you'll gain hands-on experience with SAP in your classes and participate in an engaging ERP simulation game. SAP is a cornerstone for modern businesses, providing a unified platform that enhances efficiency, productivity, and decision-making across all departments. Benefit from the expertise of Lubar College faculty, who are part of one of only five SAP University Competence Centers worldwide.

This program is tailored for all business majors and includes a four-course sequence that prepares you for a successful career in ERP systems. Whether you're majoring in finance, marketing, supply chain management, or any other business discipline, this certificate will complement your studies by providing you with valuable ERP skills that are highly sought after in the job market.

Ready to take the next step? Contact Undergraduate Student Services at Lubar Hall N297, call (414) 229-5271, or email uwmbba@uwm.edu to declare your intention and start your journey today!
